

Swinburne Vietnam - Danang Location

Here is a guide to determine which units you should enroll in for January 2026 semester based on the provided Program Map

Step 1: Identify Your Course: Determine whether you are enrolled in (Course name abbreviations):

ICT: Bachelor of Information and Communication Technology (BA-ICT)	BUS: Bachelor of Business (BA-BUS10/BA-BUS11)
CS: Bachelor of Computer Science (BA-CS)	MC: Bachelor of Media and Communication (BA-MCMN)

Your course will dictate the available unit options.

Step 2: Identify Your First Intake: Your first intake refers to the semester and year when you started your studies at Swinburne Vietnam. Check if your intake is listed under your course (e.g., **ICT_May2022**, **CS_Jan2023**, **BUS_Sep2023**, etc.).

Step 3: Identify Your Major: Confirm which major you are pursuing.

- **ICT Majors:** System Management, Software Technology
- **CS Majors:** Artificial Intelligence, Internet of Things (IoT), Software Development, Data Science
- **BUS Majors:** Business Administration, Marketing, International Business
- **MC Majors:** Social Media, Advertising, Public Relations

Step 4: Find Your Units

Once you have identified your course, intake, and major, locate the corresponding section in the Program Map. The listed units for May 2025 will indicate: **Unit Code and Name**, **Credit Points (CPs)**, **Prerequisites** (If applicable, ensure you have completed the required units), **Role of the Unit** (Core, Major, Elective)

Example: You are enrolled in **Bachelor of Computer Science (BA-CS)** program. You started your studies in **January 2023**, meaning you belong to **CS_Jan2023**. Your major is **Artificial Intelligence (AI)**.

→ Based on the **Program Map**, students in **CS_Jan2023 - Artificial Intelligence** should enroll in the following units:

- COS40005 - Computing Technology Project A (Core unit)
- COS40007 - Artificial Intelligence for Engineering (Major unit)
- COS30082 - Applied Machine Learning (Major unit)

Note: If your list of units includes an elective, you can follow the elective suggested in Program Map, or Choose a different elective from Program Map, as long as you meet its prerequisite requirements.

Course_Intake Year Major*	No.	Unit code	Unit Title	CPs	Pre-requisites	Role of Unit
